

Dear Coach/Manager:

Our club is reviewing Risk Management for our participating coaches and managers. Our records show your Background Check, SafeSport Training, and/or CDC Heads Up certification has expired (or will expire soon).

LOGGING IN TO GOTSPORT

Remember that the GotSport website is different than the previous 'GotSoccer' system we used in past years. In most cases, your Email/UserID is your email address. Use this link to log in to your GotSport account: system.gotsport.com

If it's your first time logging in, or if you don't have your password, click on the green 'Forgot Password?' button at the page linked above. Follow the prompts to receive an email from GotSport to reset your password. Be sure to check your Junk/Spam folder, if needed.

COMPLETING YOUR RISK MANAGEMENT REQUIREMENTS

Once you are logged into GotSport, here are some resources from MSYSA for how to complete your Risk Management Requirements:

- Background Check Instructions - [click here](#)
- CDC Heads Up Instructions - [click here](#)
- SafeSport Instructions - [click here](#)
- Risk Management FAQs - [click here](#)

If you have trouble logging in to GotSport, or if you otherwise need assistance with your Risk Management, please contact our club and we can help you troubleshoot.

Thank you,
